

NC CLIMATE WEEK AND SUMMIT | SEPT 28 –
OCT 2, 2026

Sponsorship Opportunities

The only statewide gathering that brings together businesses, nonprofits, government agencies, and communities around North Carolina's environmental future.

A guide for new and returning sponsors — how NC Climate Week works, who it reaches, and how to get involved in 2026.

**MEET *the*
MOMENT**

MEET THE MOMENT

Why NC Climate Week?

NC Climate Week and Summit is a statewide gathering hosted by EarthShare NC that brings together the people, companies, and organizations shaping North Carolina's future — at a moment when the gap between what we know and what we're doing has never been more urgent to close.

That gap is surmountable. The science is clear, solutions exist, and the time to act is now. What we lack is implementation at scale.

Across a week of virtual workshops culminating in an in-person Summit, we tackle the issues defining this moment — from AI and data centers to energy and community resilience — and challenge every participant to leave with a commitment to act.

**Five days.
One Summit.
Statewide
impact.**

NC Climate Week transforms knowledge into action through sessions that equip individuals, businesses, and nonprofits with real solutions — moving from intention to implementation.

MEET THE MOMENT

Why Sponsor NC Climate Week?

Sponsorship does more than put your name on an event — it builds the infrastructure for climate action in North Carolina, year over year.

Help shape the conversation

With your issues on the table — energy, AI, data centers, transportation, community — you help define what leadership looks like.

Reach new audiences across sectors

Business leaders, operators, sustainability officers, nonprofit leaders, and elected officials convene virtually and in person.

Make this grow faster

NC Climate Week is in year three. Every sponsorship dollar expands the reach of the virtual programming and in-person Summit.
